IQAC-Report

Part-A

The plan of the action chalked by the IQAC in the beginning of the year towards quality sustenance measures and the outcome achieved by the end of the year.

The IQAC has decided following plan of actions towards the quality sustenance in the college.

1. Academic empowerment of the students.
2. Overall personality development of the students.
3. To enhance the efficiency of the exam system.
4. To enrich the library of the college.
5. To enhance the laboratory facilities.
6. To construct an extension of existing building to improve the infrastructure facilities of the college.
7. To organize the extension programs to improve the college-society relations.

1. Academic empowerment of the students:

Education is the back-bone of all national endeavors. It has power of transforming human beings into human resources. We can not build a sustainable and prosperous nation without human resources, development which may depends on the health and utility of higher education. It plays an omnipotent role in preparing leaders of different walks of life, social, political, economical, cultural, scientific and technological. Recently Computer science and Information Technology both directly and indirectly have become wealth of the nation to maintain the quality of education at college means to empower the students. IQAC has decided to pay the attention on the academic empowerment of the students.

- i) We are very proud to start with one Under graduate and one Post graduate course in the college. We have started B.Sc. Botany course (6-units) and M.Sc. (Organic chemistry) course at college. It gives an additional opportunity to the student of this area. Furthermore, it is observed that the students enrolled in M.Sc. class are ex- students of this college even though the admissions are given through the University on central admission process.
- ii) Efforts are taken by the teachers to complete the cent percent theory and practical of all the classes so that students get complete knowledge of the syllabus of the respective classes. Apart from the regular lecturers in the college, some of the guest lecturers from other colleges and universities were also invited to deliver the lectures on some of the special topics. To evaluate the student's academically regular tutorials, tests and termend examinations were also conducted, throughout the year.
We are taking an efforts to prepare the students to face any examination at their best.

2. Overall personality development of the student:

IQAC has decided to focus on overall personality development of the students. As the college is placed in a rural area, '*inferiority complex*' is one of the main hurdles for the students of this area while competing with urban students. Certain measures have been taken by the staff and management of the college towards the quality education empowerment of the rural youth. Efforts have been taken to impart more relevant skills such as learning to know, learning to do, learning to live together, development of critical and independent thinking, basic life skills etc., apart from curricular and teaching practices.

Following various co-curricular activities have been organized in the college. Students participation in these programme give them an opportunity for their personality development and life skill education.

- 1. Extension activities.***
- 2.Science association.***
- 3.Nature club.***
- 4.Women's development cell.***
- 5.Career guidance and placement cell.***
- 6.Extra mural studies center.***
- 7.National Service Scheme.***
- 8.Cultural and sports activities.***

A workshop on “**Communication skill in English**” was organized for students where guest lecturers invited to guide the students.

Campus interview and placement camp were organized by following organizations:

- i) Supreme Petrochemicals Limited, Amdoshi-Wangni.
- ii) Franklin Institute of Air Hostess training –Ghatkoper Branch, Mumbai.
- iii) Mumbai School of Business, CBD Belapur, Navi Mumbai.
- iv) I.C.F.A.I. National College, Vashi, Dist-Thane.

3. To enhance the efficiency of examination system:

As per the guidelines of the university, college and university examinations were conducted at proper schedule and by maintaining the proper discipline.

4. To enrich the library of the college:

Library of any college is considered to be as the wealth of the college. It gives an opportunity to the students to solve their queries by browsing the books in the library. The books on recent topics also attract the students attention towards the library.

Maximum available amount has been spent on purchasing of books and subscription of journals and periodicals in the year 2008-2009. Total 304 books purchased of the cost Rs. 99228/- and 31 periodicals / journals/ newspapers subscribed of cost Rs. 18609/- with the assistance received from the University of Mumbai we could purchase additional books for Book-Bank scheme. 152 books are now available for the book-bank scheme for the students.

5. To enhance the laboratory facilities:

As being Science College, well equipped laboratories are very essential thing. IQAC has decided to enhance the laboratory facilities. Renovation of the gas connection has been done in the chemistry laboratories, additional glassware, chemicals and equipments have been purchased to enhance the laboratory facilities. Instruments like Spectrophotometer are added in the chemistry department. Seven new sets of computers with required software and LCD TV are also added in the computer and information technology Laboratories.

Post graduate students are provided with lockers in the laboratory.

6. To construct an extension of existing building to improve the facilities of the college.

College has developed a building with an area 2000 sq.ft. in last few years. To cope up with the increasing number of students and to give the better facilities to the students and teacher community, an extension to the new building has been proposed of 3933.77sq. feet area and costing around Rs.52 Lacs. This construction will provide a space for staff room, boys common room and additional laboratories and toilet facilities.

A water cooler with purifier has been introduced in the college to give pure drinking water facility to the students.

7. To organise the extension programme to improve the college-society Relations:

Education institutes are the integral part of the society. It is possible to play an important role in the awareness programmes, implementation of the projects, and life long learning practices in the community with the help of college students. IQAC has plan and implemented following important projects in the vicinity of the college.

Education has definite purpose. The purpose being the social amelioration, it is necessary that the educated youth should extricate themselves for betterment of society. With the same vision, and to inculcate the moral values in students, they are put in the extension activities.

- i) Health check up camps, AIDS awareness programmes, environment protection and conservation programmes, village awareness on sanitation were organized through N.S.S. activities.
- ii) Social survey to the status of women was carried out in the seven villages of Nagothane area. A research paper based on the findings of the survey was presented in the conference at *All India Adult Education Conference* held at Shivaji University, Kolhapur on 19/02//2008.
- iii) A training on Mathematics was organized through extra mural studies centre for the school children's in the vicinity of the college.
- iv) A lecture on self defence and behaviour of girls was organized by WDC for girls where Mr. Satish Nikam PI, Nagothane has delivered a lecture on 10/01/2009.

- v) Students also participated in National Integration rally along with villagers organized by NSS cell, university of Mumbai. All the efforts taken by the college, staff and management are rewarded as college has received the national ***“Environmental Awareness Award”*** alongwith the Principal from **khadi and Village Industries Development Agency of India in association with Indian Institute of Ecology and Environment, New Delhi.** Principal Dr.Anil K. Patil has also received the Best Principal Award from one of the social organizations in the district ***“Atharva Samajik Sanstha”*** Panvel-Raigad.

Part – B

1) Activities reflecting the goals and objectives of the institution:

- a. Konkan Education Society’s Vision ***“ Education to All”*** is no longer a luxury, it is essential for survival in 21st century.
- b. Providing urban amenities in rural areas, which combined a futuristic vision with an instinctive humanity.
- c. To motivate students to use the latest technologies for aiding their learning process.
- d. Special efforts are made to convince, to cajole, to adopt and deploy to introduce unaided courses like Computer science & IT for the benefit of rural students unflinching commitment working for the better future.
- e. Expanding greater use of ICT and provision of broad band adding to repository to a collective knowledge has positive cascading effect by improving competitiveness apart from quality, access, equity and accountability.
- f. Our society’s motto ***“Education to all”*** has been a panacea from the beginning, commencing from primary education to post graduate education

2) New academic programmes initiated:(U.G and P.G.)

P.G course in M.Sc. Organic Chemistry has been started in the academic year 2008-09 & T.Y B.Sc. Botany proposed to start in forthcoming academic year 2009-10.

3) Innovation in curricular design and transaction:

We have been working more than 180 days. There should be minimum of 30 weeks actual teaching in a 6-day week of the remaining period, devoted to admission and examination activities and non instructional days for sports, cultural, college days with national and local importance. 45days for vacations and 2/3 weeks for public holidays.

4) Inter-disciplinary programmes started:

To produce efficient youth with good communication skill. This has become an impediment in the development of the country particularly inter disciplinary lectures were arranged for first and second year granted and unaided students.

- 1) On 29th January 2009 Mr. R.S. Patil P.E.S. Bhausaheb Nene Arts, Science & Commerce College, Pen, Dist-Raigad, has delivered an interactive lecture on “**Effective Business Communication**” for aided and Un-aided students.
- 2) On 30th January 2009 Principal, M.T. Bhagat, K.E.S.Laxmi Shalini Women’s College, Pezari, Dist-Raigad. emphasized the role of “**Communication Skill in day to day life**” and imparted personality development for their future endeavour.
- 3) On 30th January 2009 Principal, Dr.A.K.Patil delivered a lecture on different aspects of “**Communication Skill**” for undergraduate students.
- 4) On 31st January 2009 students were evaluated on different aspects of debate, speech, reading, dialogue and group discussion.
- 5) In the afternoon of 31st January 2009 a writing skill of students were assessed. The feed back was also taken

from the students. There was cent percent of the participation in this workshop.

5) Examinations reforms implemented:

There is very little flexibility in the reforming the exam system as the guidelines of the university examination pattern for regular and un-aided courses ought to be followed. However, the statutory committee follows the ordinance, statutes, rules and regulations set up by the university very meticulously. The examination committee classified the reforms in three broad categories

1. Random selection of question paper.
2. Conduct of examination.
3. Evaluation.

The examination system having four prime components. The most deplorable aspect of the matter is that students, parents, and the teachers are only concerned with examination marks.

Evaluation is a part and parcel of all examination system. It is widely used to determine the strength and weakness of the student in the specific area of the study and awarding mark list in a particular class this system of evaluation.

The examination committee having multifaceted functions and responsibilities of the internal and university examination system. To achieve success in this field right type of planning have been implemented. The following reforms are being practiced which may be taken care for maintaining the quality in the examination system.

1. The first and second year examination of regular and unaided courses are being conducted in Term pattern. The third year Examinations are being conducted by university.
2. For internal examination in regular and unaided courses appointing appropriate paper setters with right qualification and experience.

3. Developing scientific mechanism for smooth conducting examination.
4. The examination committee taking Authentic steps during and after the commencement of examination.
5. Secrecy has been maintained regarding setting, printing and stocking of question papers.
6. To minimize the impersonisation, stress have been on Identity card, Fees receipt and hall ticket during the time of examination.
7. To overcome the chance of malpractice, strict instructions have been implementing to reach at least 15 minutes before the commencement of the examination.
8. Students have been asked not to bring mobile or any other electronic gadget.
9. The seating arrangement and invigilators schedule at the blocks have been frequently changed.
10. Strict instructions have been given to both examinees and invigilators regarding their work during examination hours.
11. Co-operating Chief conductor and the vigilance squad have come to vouch the university examination schedule.
12. Toilets and bathrooms have been checked time to time before and during examination hours.
13. No unwanted person has been allowed in the vicinity of exam center.
14. Students have to seat on one place and right distance have been maintained among them.
15. Exchange of question papers and answer papers have been prohibited.
16. Unsealing the question papers and distributing on time before the commencement of the examination.
17. Coding of internal question papers have been taken care on confidentially.

18. Written answer books properly masked and dispatched to the Controller of exams.
19. After completion of evaluation work suitable grace earmarked by university statutes adapted for declaring results and issue of certificates.
20. Utmost care has been taking as per university norms the provision of re-evaluation and rechecking and also provision for supplying xerox of evaluated answer papers to the candidates.

6) Candidates qualified: NET / SLET /GATE etc.

Mr.S.D patil Qualified NET & SET

Mr.D.V.Bhagat Qualified SET

Mr.S.D.Tupare Qualified NET&SET

7) Total number of seminars/workshops conducted:

Seminars and workshops are considered to be an important means for the faculty development. They are aimed at promoting a common platform for the academicians and experts come together from different affiliated colleges. This will obviously promote interaction deliberations, interactions and exchange subjective ideas and interact among the teachers gathered.

Initiatives towards faculty development programme:

In order to keep themselves updated in the various developments the staff of the college are continuously updating their knowledge and in order to encourage this college sponsors registration fees for all the staff members attending seminars, workshop conference, refresher and summer school etc., such courses aim at providing latest inputs to enrich the faculty members which would not only help them in improving their teaching and research skills but also help them in professional growth.

13) Citation index of faculty members and impact factor :

Fewer of the staff members are involved and publishing work. However, it is very difficult to assess their index on the national scenario.

14) Honors and awards of the faculty :

Principal is an academic and administrative head. He has the pivotal role in framing the policies in the agreement with vision and mission of the institution. He has turned the philosophy with the practice evinced by achievements of the institution. The principal have a commitment for quality and have a passion and achieved through continuous sheer dint hard

work and internal quality activities. He is an example for others. He has been awarded national and regional awards twice.

Principal, Dr. Anil K. Patil, received “**National Environment Award**” from Khadi and village Industries Development Agency of India and Indian Institute of Ecology and Environment, New Delhi.

He also adjudged best Principal Award “**Atharv Raigad Sanman**” 2009 from Atharv social organization (Atharv Samajik Sanstha) Panvel, Raigad, Maharashtra.

15) Internal resources generated:

In order to augment the resources of the institution the class rooms, laboratories are given for conducting HSC regular and computer science and IT examination.

16) Details of departments getting SAP, COSIST/ DST. FIST, etc. assistance /recognition:

NIL

17) Community services:

- 1) Promoting quality education and pursuit of excellence.
- 2) In addition to the regular academics, students are voluntarily divided into six wings, research, organizational skills, rural development, health, education and industry. Students of extension, they work on rolling projects which help them to know and understand the real village life.
- 3) The provision of job reservation in terms of 15 percent for SC, 7.5percent ST and 27 percent for OBC to its employees. Any revision of reservation would also (like VJNT and SBC) similarly accommodated as on affirmative action.
- 4) Students are being trained to combat all kinds of air, land, water disaster both natural and man made. They will function and support system and not to be allowed to venture into situations involving any risk.
- 5) Parent and teacher meetings were held of regular intervals.

- 6) NSS unit believe in learning by doing and teaching by doing. *Shramdan* is an important and routine activity meant for every NSS volunteer.

N.S.S. Unit :

This year the programme officers appointed were Dr. (Mrs.)V. Sarada, Mr. S.D.Tupare, Mr.J.V.Patil. The enrollment of NSS volunteers started in the month of June. Hence, our college was allotted strength of three units. There are 254 students got enrolled. Throughout the year, a number of socially relevant programs were organized at adopted village within and outside the campus.

In the first week of July all the program officers attended the planning session organized at J.S.M. college, Alibag-Raigad arranged by the University of Mumbai NSS unit.

In the month of August volunteers participated in the Independence day. 200 saplings were planted in the adopted village. After the flag hosting an orientation was organized by the programme officers and senior students to guide the new entrants in NSS to mark the International literacy day. The volunteers took up the Literacy awareness programme in the Patansai village, Tal- Roha, Dist – Raigad.

During the festival season all the volunteers celebrated the Rakhi festival. Volunteers also celebrated Dr. Radha krishnans birthday on 5th September. On 24th September N.S.S. foundation day was observed as sanitation awareness program at Kondgaon village. The unit organized a workshop show causing the nature of the workdone of the NSS organization. During Ganesh puja festival volunteers helped traffic control and crowd control on the day of Ganesh immersion.

On 2nd October by organizing Gandhian Thought there by giving the message of non-violence and truth. More than 120 volunteers attended the Gandhian thought examination. Mr. Pramod Hivare stood 2nd at Raigad District in “***Gandhi Vichar ani Prachar***” Exam conducted through NSS Unit.

On 1st December Worlds AIDS day was celebrated by volunteers and other students voluntarily checked the western blotting test were arranged by Primary Health Centre, Nagothane. A lecture by Dr. B.K.Singh from Reliance Industries Ltd.(NMD) certain pamphlets regarding AIDS awareness was also distributed in lecture.

From 30th December to 3rd January 2009 a seven days special residential camp was organized at Patansai, Roha-Taluka. There are 136 volunteers who attended the camp and undertook various human welfare based activities like digging of soak pit, gutter cleaning, play ground leveling, grass cutting, road cleaning, etc. volunteers also performed skits, street play and songs to generate the awareness about Literacy, Health, Drugs, Smoking, Alcoholism. A special emphasis was given on “**Global warming.**” For this camp provided an insight of the rural life to the volunteers and taught them dignity of labour.

During the camp the volunteers arranged on the New years day a cataract eye check up camp where there are more than 147 villagers and surrounding tribal people got benefited.

The last activity during this academic year was ‘**Blood Donation camp**’ organized on 12th February, 2009 in association with civil hospital Alibag-Raigad. The camp was very successful and 56 units of blood were collected. Alongwith the blood donation a free blood group check up card was also provided to the students. It may be mentioned that apart from the collection of the blood camp many volunteers have been donated blood to the Lions club and village Grampanchayat when there is an emergency demand.

18) Teachers and officers newly recruited.

The most crucial factor in ensuing excellence in teaching, learning and evaluation is the quality of faculty. The management has a role to play in recruitment automatically ensures outstanding academic performance.
