

Konkan Education Society's
Anandibai Pradhan Science College,
Nagothane, District-Raigad (Maharashtra)

Academic Year: - 2020-21

TEACHING LEARNING PROCESS

The teaching-learning process were conducted on online platform as the students were not allowed in the campus due to covid-19 pandemic situation, The college has adopted Microsoft Teams Meeting platform for online teaching-learning process and other student centric methods. Faculty members of college have adopted various teaching methods to make learning more student-centric. The college provides support structures and systems for teachers to develop skills like interactive learning, collaborative learning and independent learning among the students, some of the sincere tempts made by the college to make online teaching-learning process more students centric through experiential learning method, participative learning method. Problems solving method are given below,

❖ EXPERIENTIAL LEARNING:-

- 1. Field industrial Visits:** - Due to Covid-19 pandemic situation the real on-site visits were restricted, but the virtual Field Visit with Google Cardboard was organized by the department of Information Technology.

- 2. Research Projects:-**
 - **Curricular Projects:** In programmes like T.Y.B.Sc. Information Technology and M.Sc. Organic chemistry where research projects are part of the curriculum. Students are engaged in various research projects

- **Avishkar Projects:** College students are also involved in smaller research projects for participating in Avishkar Research' convention. Organized by University of Mumbai. 25 students of various departments have participated in AVISHKAR Research Convention in form of online submission of research proposals organized by University of Mumbai.
3. **Guest/Expert Lectures:** - Department of Chemistry have organized online Guest/expert lectures of eminent resource persons of their subjects to supplement the teaching process und provide experiential learning.
4. **Space and Wall Magazine Publication:** - Some departments of the college have 'Space and Wall Magazine Publication committee' which comprising the committee of teachers and students members. The wallpapers are prepared and published on various occasions throughout the year. Departments decide the theme of the wallpaper and inform student members to collect on information on the same and prepare wallpaper.
5. **Faculty and Student Exchange Programme:-** Students of various departments have attended activities organized under Faculty Exchange and Student Exchange programme with nearby institutes,

❖ **PARTICIPATIVE LEARNING:-**

1. **Students Seminar:** - College has orgnized some online student seminars on the Occasion at Teachers Day, NSS Day, Yoga day etc., on various topics.
2. **Group Discussions:** - Faculty members of all departments organize group discussion sessions on the topics of related subject. The faculty members select a group of students and give them topic for Group Discussion session. A group of students prepares their topics and participate actively, in Group Discussion session.

3. **Game based learning:** Department of Botany & chemistry conducted game based learning technique for generating interest in the subjects and making students more attentive.
4. **Webinars:-**Placement cell of the college have organized the State/National level webinars on various current topics and issues i.e., IPR and smart investment. Students and staff of the various departments have participated in these online webinars
5. **Learning Management System:-** All the faculty members of the college have adapted Learning Management System for effective teaching-learning process. Students of all departments actively participated in learning management system like Google Classroom.

❖ **PROBLEM SOLVING METHODOLOGIES:-**

1. **Online Tests/Quizzes:** All the Departments conducted online Test/Quiz for students on different topics of the curriculum. Such methodology increasing problem solving and analytical reasoning ability among students.
2. **Online Competitions:-** All departments have conducted various competitions for students like PPT, POSTER, ESSAY, CHEM-RANGOLI, QUIZ etc.,
3. **Question-Answer Session:-** Faculty members also conduct "Question-Answer session on different topics as an active Problem solving methodology of the teaching learning process.
4. **Assignments:-** Students complete a regular assignments based on problems given by respective teachers.
5. **Research Problems:-** Students participating in research projects get guidance by mentor teachers about their research problems.

❖ ICT ENABLED TOOLS :-

The college has provided very good infrastructural Facilities for effective ICT enabled teaching-learning process which includes computers, ICT enabled classrooms, Computer and IT Labs, Laptops and smart phones. The description of ICT tools used by faculty members is given as below.

1. **Online Platforms:** - Faculty members used Zoom, Google Meet, Microsoft Teams for online teaching as well as attending meetings/webinars.
2. **Software's:-** Faculty members have used various software's for creating e-content, recording and editing of video lectures e.g. Zoom recording, MS-Power point presentation, MS- Word, MS-Excel, CHEM-DRAW, etc.
3. **Video Lectures:** - Faculty members have created video lectures on their respective subjects and uploaded it to the personal YouTube channels. The links of the videos were shared with students.
4. **E-books:-** Faculty members of all departments have downloaded their subject related e-books and shared with students.
5. **CD's, DVD's and Pen drives:** - The e-content like lecture PPT, e-books, video lectures are saved on CD's, DVD's and Pen Drive. The e-content is stored in CD's, DVD's and kept in the departmental library. Some departments also use CD's and DVDs for teaching purpose.
6. **Social Media:** - Due to covid-19 pandemic situation, the communication with students was made possible with the means of different social media platforms, Whatsapp is most widely used means of communication with students. Each department class teacher gathers the students of the respective class in a particular Whatsapp group: All the important notices, circulars, messages, study materials were communicated to students in Whatsapp group. Faculty members have also

used other social medial platforms like Telegram, Face book, Gmail, websites for communication and sharing of information with students.

7. **Internet / Wi-Fi:** - College has provided free Internet and Wi-Fi facility for accessing e-content from various sources. Each computer of the department is given high speed fiber internet connection. Also High speed Wi-Fi connection routers are installed in different locations of the college to provide uninterrupted internet use of online teaching.

Subject:-Faculty exchange programme for the academic year 2020-21

Respected Sir,

With reference to above mentioned subject I want to state that to expand the scope of learning experience to students, to get more realistic perspective and to update the academic, as per the revised guideline of NAAC, collaboration is expected with the academic institutions. We are interested to conduct the collaborative activities under the **Faculty Exchange Programme** for exchanging the resources of both the institutions through the virtual mode on Google Meet platform due to current pandemic situation.

As an initiative of this activity, Dr. Vilas R. Jadhavar from our college will deliver the lecture to the students of M.Sc. Part-I class of your college on 22 to 24 Dec.2020 and Dr. Sachin V. Bangale will deliver the lecture to our students of M.Sc. Part-I class on 10 to 14 January 2021.

Kindly approve the same and oblige.

Thanking you.
